every package

Order from your Grocer Today!

WHAT! only 6¢ premium
on a \$5000 policy?

"Yes, that's your
Monthly premium"
(at age 30)

Here is a new kind of life insurance
that is giving thousands of Canadians
who could not easily afford other
types of insurance, the financial pro-
tection they need... security now and
a guaranteed income in later life.

The plan works like this: you choose
any policy that suits your needs, but
instead of paying the first year's pre-
mium, you pay for one month only.
For example, at age 30, the premium
on a \$5,000 Double Protection life
policy is only \$6.15. As a service to
you, the company will accept your
checks, one for each month of the
year, all paid.

Send the coupon for free Budget
Memo Booklet. It's a folder telling
how you can have the
extra protection you
need for as little as
\$5 a month.

RED CROSS AT OYAMA RE-OPENS FOR YEAR

Committees Selected To Take
Charge Of Various
Departments

OYAMA, B.C., Oct. 27.—The
Oyama branch of the Red Cross
re-opened last Friday afternoon,
meeting as usual in the Com-
munity Hall. The financial state-
ment was read by the president,
Mrs. H. Aldred, and reports on
Red Cross supplies were submitted
from January, 1941, to date. A
total of 250 garments had been made,
as against 375 for the whole of last year;
also 310 refugee garments had
been handled as against 141 for
the whole of last year. It was
moved that the meeting be held
as before, but meetings to be held
in the hall on Tuesday afternoons
instead of Friday, beginning Tues-
day, November 4.

Various committees were ap-
pointed as follows: Mrs. Tomp-
kins was put in charge of the
cutting out; Mrs. E. A. Aldred,
Mrs. Smith and Mrs. Gray are in
charge of the sorting of old gar-
ments; Mrs. Prickard volunteered
to wash all second-hand garments,
and to provide tea at the meet-
ings. Mrs. Smith is to take charge
of old rags to be sold in Vernon.
Mrs. Butterworth is to look after
the Junior members, and to see
they get suitable work to do.

As the meetings have been
rather poorly attended, it would
be very much appreciated if the
Oyama women could see their
way to attend, as this is one of
the ways of doing good work, and
helping win the war.

The Oyama High School foot-
ball team, travelled to Armstrong
last Saturday, to take part in the
football tournament, with results
as follows: Oyama beat Vernon
2-0; Salmon Arm, who won the
Cup, beat Oyama 2-0; and the
game between Oyama and Arm-
strong, ended in a tie. The Oyama
girls' football team were invited,
though they did not play, and
transportation was supplied by
Mr. Crawford, the Rev. A. R.
Leit, A. Bisset, T. D. Shaw, Mac-
donald and Maurice Stephens. After
the games a supper was served
in the Armstrong Recreation
Hall, followed by a dance in the
evening.

Bernard Gray is at present in
Vancouver with the Youth Train-
ing Corps, with a view to joining
the R.C.A.F.

Miss Brenda Morley, of Kam-
loops, is at present a guest at
the home of the Rev. and Mrs.
A. R. Leit.

Mr. T. Nightingale, with her
small daughter, is at present stay-
ing with her parents, Mr. and
Mrs. W. A. Dobson. Mr. Nightingale
recently left for overseas
with the Canadian Forces.

Mr. and Mrs. Harry Mitchell,
of Seattle, were recent guests at
the home of Mr. and Mrs. William
Whipple.

Seed Growers

(Continued From Page One)

In due course through the opera-
tion of a five-year revolving fund.
President Baumbrough also
recommended that the Associa-
tion endorse and support the
action of the B.C. Federation
of Agriculture in seeking to
maintain the principle of ac-
tively marketing of farm pro-
ducts. Subsequently a resolu-
tion to this effect was passed,
together with an expression of
confidence in the Federation.

Another proposal, submitted by
President Baumbrough, was that
the annual convention rotate be-
tween the districts, Okanagan Val-
ley, Fraser Valley and Grand
Forks, with Vancouver Island in-
cluded. If this group were set up,
this matter was left in the hands
of the board of directors.

NEW BOARD OF DIRECTORS

B. W. Cox, Dewdney; W. J.
Dunn, Gordon Head; and D. C.
Jones, Lillooet, were named to serve
as directors for two-year terms
and with them will be W. A. R.
Baumbrough, Vernon, and A. R.
Mudie, Grand Forks, whose terms
still have a year to run.

British Columbia will be put on
the seed map in a definite way
if the recommendations of the
form of a resolution that was
passed, is accepted by the Plants
Products Division, Ottawa, and the
Canadian Seed Growers' Associa-
tion is accepted—and it was in-
dicated by Mr. Young and Mr.
Wiener that it would be accepted.

This proposal provides that all
seed containers must be marked
by the province of origin of the
seed. It was felt that this regula-
tion would not only make for
greater care in seed selection and
packing but would give the provin-
ce of origin not only the re-

sponsibility but also useful pub-
licity. In the case of British Co-
lumbia, the dominant seed pro-
ducing province, this publicity
would be especially valuable, the
convention figured.

Hon. K. C. MacDonald, who was
present throughout the two-day
sessions, said that as it had been
recognized that British Columbia,
through favorable soil and climate
conditions, was exceptionally well
adapted to the production of
seed, he had done his utmost to
promote this logical industry and
that he would continue to do so,
no matter in what capacity he
could serve. He could not say
what that capacity would be but
he felt that in any event, those
who were elected as the people's
representatives would consider the
welfare of the people above all
other considerations.

"The question of the welfare
of British Columbia is para-
mount to everything else and
I feel that those elected and
charged with this responsibility
must surely find a way to
establish a government that
will care for the interests of
the people of this province, in-
cluding yours."

Dr. MacDonald referred to the
benefits which had followed the
passing of the B.C. Pure Seeds
Act which he had submitted to
the legislature. It had been de-
signed to encourage the production
of high quality seed and was help-
ing to accomplish this purpose.
Despite progress had been made
in developing the seed industry
and a firm foundation had been
laid. With proper attention given
to selection and to quality, British
Columbia could build up an in-
dustry important to this province,
to Canada and to the Empire.

BAD WEATHER COSTLY

An idea of the character of the
bad weather in the Okanagan this
past season was furnished by W.
M. Fleming, of the Summerland
Station. He submitted charts show-
ing precipitation and temperatures
during the five months, May till
September. The rainfall at Sum-
merland in this period was three
times the average and about as
much as the ordinary total year.
It was 10.24 inches, against 3.41
in 1939 and 3.67 in 1940.

The longest non-rain interval
was ten days compared with
39 in 1939 and 35 in 1940.

Important resolutions were passed
at the Association's meetings,
dealing with means for expanding
pure seed production, and protec-
tion and conservation of the seed
marketing of such seed. Mr.
Young, Mr. Stewart and Mr.
Wiener were called on frequently
for advice and appreciation of
their contributions was expressed
in resolutions and by President
Baumbrough.

Mr. Baumbrough stated that the
Royal Commission would expect sub-
missions from the B.C. Vegetable Seed
Marketing Association, in connection
with Judge Barker's investigation.
He had invited the commission's
counsel to send a representative
to the sessions here but the reply
had been that hearings in Van-
couver prevented such attendance.
Arrangements would be made to
make submissions when the Com-
mission sat in Vernon.

It was announced that nomina-
tions for the Marketing Board
should be in the hands of the
secretary by November 1st. The
secretary is Mr. Baumbrough.
F. O. Blake, Manager B.C. Seeds
Limited, was appointed delegate
from the association to the Cana-
dian Seed Growers' Association's
annual meeting.

CORRESPONDENCE

Lo, the Poor Farmer

Editor, The Vernon News, Sir:
I would like if you or any of
your readers would explain to
me the mental complex of the
pheasant hunter, and could sug-
gest any, method by which this
mental twist could be counter-
attacked.

A farmer in this district may
have an orchard, some horses,
cows, sheep, pigs and chickens,
and if he has some of these—
he has raised a certain number
of pheasants.

For eleven months in the year,
he is a peaceable, long suffering,
brotherly sort of a fellow with
confidence in himself, and trust
in his fellow men. He is a
peasant, in the true sense of the
word. For the other month, which
is the span of the pheasant shoot-
ing, he is a harassed, nerve racked
unbeliever. His orchard is peep-
ered with shot, he's lucky if
there are no pellets in his body,
his horses are nervous, and at
anything sounding like a gun
shot—they are gone till something
stops them; his cows have dropped
in production, if he is milking,
and he immediately climbs into the
milk pail. His sheep are on the alert—
looking for strange dogs and are
either on the run or on the flight
all day.

His chickens are too scared to
settle down to business and pro-
duce eggs, and his pigs sleep with
one eye open.

Animals under those conditions
do not pay, and all this happens
because he has raised a few
pheasants.

I have talked with a farmer,
before the opening of the shoot-
ing season who told me he ex-
pected to shoot some of the pheas-
ants himself, and perhaps invite
some of his friends for a day's
shooting, but this trusting old
fellow is just about extinct.

He has his property fenced.
"No shooting" signs are placed
at strategic points, but he forgot
to reckon with the lad (and often
ladies) who can't read, who can
get over a fence without seeing
the sign, who thought the farmer's
orchard was a nice piece of work
nature had done, who mistook the
farmer's back yard for a Japanese
garden, who thought this
property belonged to John Doe,
who lost his dog and was looking
for him and who has alibis ad
infinitum—as childish as they
are insulting.

If this farmer is good enough
to invite his friend from town for
a day's shooting, he has to be
like a good fellow, and say he is
pleased to meet Tom, Dick and
Harry to whom his friend in-
troduces him. They are fine fel-
lows and perhaps they have a
little something to drink. Life
is a luxury, John, and as it is now
seven a.m. they have to part—
the hunters to upset the even-
ing of the farm, the farmer to
finish his chores and ruminate
on what he could have done with
the money those fellows had spent
on their shooting clothes, ammuni-
tion and all the little baubles
which go with a well equipped
party.

When he has found his milking
spot and taken his place beside
the cow, he says "put back your
foot—damn you." For eleven
months of the year he says
"please bossy—put back your
foot."

It is hard for him to see the
funny side of life this morning,
but it's comforting to know that
he will have some pheasants any-
way, without having to buy shells.
The shooting party told him
they'd have some pheasants at
the house. Excuse me, while I

MISS GWEN SCOTT IS WED AT SALMON ARM

United Church Scene Of
Pretty Wedding
Ceremony

SALMON ARM, B.C., Oct. 28.—
The First United Church, Salmon
Arm, was the scene of a pretty
wedding on Wednesday afternoon,
October 22, at 3 o'clock, when
Gwendoline, third daughter of
Mrs. George F. Scott, became the
bride of George Drage. The cere-
mony was performed by Rev. V.
H. Sansum.

The bride, who was given in
marriage by her brother-in-law,
Albert L. Bedford, wore a gown
of eggshell satin. Her long veil
was held in place with a net halo
and she carried a bouquet of
American Beauty and Ophelia
roses.

She was attended by her sister,
Miss Gladys Scott, who chose a
frock of aqua blue sheer and
carried a bouquet of pink carnations. Miss Betty Bedford, niece
of the bride, was flower girl and
wore a dress of pale green net
over pink satin. P. H. Abson was
best man and the ushers were
C. R. Beer and Max Blomdewer.
Mrs. W. Stewart was organist and
accompanied the soloist, Mrs.
Helen McKay, who sang, "All
Joy Be Thine."

Following the ceremony a re-
ception was held at the home of
the bride's sister, Mrs. A. L. Bed-
ford, and later Mr. and Mrs.
Drage left on their wedding trip
to Coast points. For travelling the
bride wore a teal blue wool suit
with wine accessories. On their
return they will reside in Salmon
Arm.

BUTTER PRICES

That creamery butter prices have
not been adversely affected by the
price fixing order of the Dominion
government is an opinion widely
held in Canada. Wholesale but-
ter in Canada, must not charge a
price higher than the highest price
charged during the four week period
prior to October 1st were gradually
sliding down but still at a quite sat-
isfactory level.

As the new regulations now stand,
any distributor, either wholesale or
retail, of food or other products
in Canada, must not charge a
price higher than the highest price
charged during the four week
period. As far as creamery butter
is concerned this means the ceiling
will be about 35 cents per pound
wholesale for butter in the Okana-
gan and adjacent areas. This is
approximately three cents per
pound higher than present values.
The wholesale butter market has
suffered up somewhat and values
in Alberta advanced one cent per
pound recently.

Carefully kept records show that
if the party does not exceed four
guns and if not more than three
boxes of shells are used, the
bag will be one cent pheasant.
Surely, Mr. Scott, in these
scientific days some surgical
operation could be performed on the
prospective hunter which would
make him realize that a farmer
is a human being, and as such,
is entitled to the rights and privi-
leges accorded other humans. I
believe that removal of the gall
bladder would help.

And here is a hint for political
agreements. Put a plank in your
platform advocating the exter-
mination of the pheasant and your
hunter, and you have the farm-
ers' vote in your pocket.

Yours truly,
R. A. DAVIDSON,
Vernon, B.C.

KEDLESTON NOTES
A very enjoyable social evening was held in the school house, last Saturday. Miss Deans, the former teacher, who was at the teachers' convention at Kelowna, was a very welcome guest at the Kedleston whist drive. She stayed with friends for the week end. Her parents, Mr. and Mrs. Deans, of Kelowna, motored up to Kedleston, taking her back to Kelowna on her way to Oliver, where she is teaching.

If Your Child Catches Cold Listen-

—listen to millions of experienced mothers and relieve miseries with the improved Vicks VapoRub that takes only 3 minutes and makes good old Vicks VapoRub give better than EVER RESULTS! IT ACTS 2 WAYS AT ONCE TO BRING RELIEF.

PENETRATES to upper breathing passages with soothing medicinal vapors. STIMULATES chest and back surfaces like a warming poultice.

WORKS FOR HOURS to ease coughs, relieve muscular soreness or tightness, and bring relief, honest-to-goodness comfort. To get this improved treatment... just massage VapoRub for 3 minutes ON BACK as well as throat and chest. For Better Results then spread thick layer on chest and cover with warm cloth. Try it!

The Improved Way

GRINDROD TO SEND PARCELS OVERSEAS

GRINDROD, B.C., Oct. 28.—The Grindrod Women's Institute are planning on sending Christmas parcels to the boys from this district now overseas and are sponsoring a dance to be held on November 7, to raise funds to give the boys presents from home.

D. McKenzie has gone to Grandview Bend for several days to work on his timber lands there. Cpl. P. Block, of Vernon, is on leave and enjoying the hunting season here.

Mrs. G. B. Hancock and family are leaving for Naramata for the winter months.

Peter Jablonsky has left for Trail, where he hopes to secure employment.

Mrs. A. Williamson has left for Vancouver for a month's holiday.

Mr. and Mrs. Percy Hancock, of Naramata, spent the week end visiting with Grindrod relatives. Sgt. George Halksworth, of the R.M.R.'s, New Westminster, spent several days' leave at his home here during the past week.

FARM BUILDINGS ARE BURNED IN BLAZE

OLIVER, B.C., Oct. 27.—Fire caused damage amounting to \$500 on the ranch of George Lundy, B.C.F.A. secretary, when a Sunday morning blaze wiped out a string of log buildings including a barn with full of hay, large poultry houses, and bunkhouse. Insurance was carried to the value of \$400.

Neighbors and Oliver firemen called to the scene finally brought the fire under control with a bucket brigade before it had reached the last building in the row, the residence of E. Miltenberger, employed on the ranch.

Children playing with matches in the lot of the barn are believed to have started the fire.

Interior Lacrosse Squad At Coast To Try For B.C. Title

Salmon Arm, Vernon, Kamloops Represented In Strong Team

SALMON ARM, B.C., Oct. 28.—The Salmon Arm boys' squad, with reinforcements from Vernon and one player from Kamloops, left on Sunday afternoon for Victoria, where they will play a two-game series with the Oak Bay team. The first game was played Tuesday night.

Although the winners of the Interior League have disbanded for this year, with several of the players having left the city, the remaining boys decided to make the trip and endeavor to secure another trophy for the Interior.

Those making the trip were: W. J. Smith, George Johnstone and Mrs. Hesse, with their cars, and the players were, D. Urquhart, J. Prescott, R. Purkis, S. McAllister from Salmon Arm; K. Watt, W. Norman, J. Polchek, who played with Salmon Arm squad this season but reside in Armstrong; and K. Parkes, B. Douglas and Dave Gibbons from Vernon, with "Mickey" McDonald going from Kamloops.

T. H. Middleton, vice-president of the Interior Box League, accompanied the team and will act as business manager.

This aggregation of young players should give a good account of themselves and keep the Coast circles conscious of the fact that box is still played in the Interior.

Gunner E. N. Morton, R.C.A., returned to his unit at Sussex, N.B., on Friday night after spending a few days' leave visiting his mother, Mrs. Loftus, in Salmon Arm.

After being accepted for service with the R.C.A.F., George Dunlop left Thursday night for Toronto, to report for duty.

Dr. and Mrs. George Clingan, of Virden, Man., left for their home Saturday night after spending a few days' visiting the former's brother and sister, W. Clingan and Mrs. W. J. Wilcox. Mr. Wilcox is a patient in the Salmon Arm hospital and is progressing favorably.

Mrs. C. Usher and family left for Victoria on Tuesday, where they will make their future home and join Capt. Usher, who is in the Canadian Dental Corps.

Jack Milling left on Sunday night to take his medical examination for the R.C.A.F.

Pte. D. Ruth, R.M.R., at New Westminster, spent the week end on leave visiting his parents, Mr. and Mrs. P. A. Ruth.

Cpl. J. Brewster, of the Canadian Trench Corps, is home on leave visiting his mother, Mrs. G. McEwan, and family.

The First United Church was well filled for the morning service last Sunday when a special family service was held. During the service the minister, Rev. V. H. Sansum, conducted the baptismal ceremony when four children were christened. The choir sang an anthem and the minister delivered an appropriate address.

CHOOSING PARTNER FOR LIFE THEME OF DR. DAVIES' SERMON

Although the title, "Falling in Love Intelligently," seemed to be contradictory within itself, love being warm and romantic, and intelligence being cold and calm, yet when Dr. J. H. Davies, in a sermon last Sunday evening entitled, "A Courtin' We Will Go," or "Falling in Love Intelligently."

Because marriage was for life, for even those who in diverse ways were all originally intended to be for life, therefore courtship should be taken seriously. It should be a happy, care-free time, and always result in pleasant memories in the years to come, yet the reality of its consequences demanded that intelligence be allowed to guide emotion. Courtship cradled in romance had its practical purpose. The time of courtship ought to be a time of mutual recognition of each other. You could not get to know another in one day, as many a one had discovered after the first month of married life, following too short a courtship.

How should a girl choose a husband? the speaker asked. There were matters of health and heredity to be considered, he said. "Perhaps a very honorable young man might present a medical certificate of clean health before matters were too late. It is generally known that B.C. Law requires this, but the requisite order-in-council to bring the law into force has never been issued." A girl might ask about the young man's energy. Who wanted a lazy husband? Ambition was important in the modern struggle of life. Even more important was character. Let a girl place a high value on trust and dependability. Loyalty might count for much in later years. Cleanliness and reliability could make a home very unhappy. It was helpful to observe the man's attitude towards selfishness, and especially towards cruelty. A man with a hard or callous nature could hurt a woman in more ways than the physical way.

RELIGIOUS BACKGROUND
Then there was religion, and religious background. Religion supplied a man with ideals and traditions that controlled his acts and choices in life, and his reactions in times of adversity and failure. And no woman could afford to shut her eyes to the indications in courtship that revealed a man's moral character. Dr. Davies said that in these days with so many events for making a living open to women, no woman was any longer compelled to marry. With other ways to independence she could afford to wait and to choose intelligently.

The minister also said that some of these boys, to whom we chose applied to the man who was supposed to do most of the choosing. He should study the girl's tastes in the domestic sphere. Could she create a true and spiritual home, not a house but a home, but atmosphere? Did she love children? And what of her personality, her ability to be a companion to him? There should be a good proportion of tastes in common. A good question to ask was, "How does she affect me when I am in her presence? Does she arouse the finer side of my nature and bring out the best in me?" In the question of religion, it was the woman who usually became responsible for the religious upbringing of children in the home. Children were so much in the woman's company while

HOLLYWOOD HEADACHE IS TIME'S PASSING

Hollywood's most recurring headache concerns itself with a means of getting over the passage of time in a screen story, without resorting to such familiar devices as calendars, newspaper datelines, clocks and hour glasses. George Stevens, producer-director of Columbia's "Penny Serenade," which stars Irene Dunne and Cary Grant, at the Capitol Theatre on Friday, October 31, has solved the problem nicely.

The romantic story of "Penny Serenade" covers approximately ten years, and the gradual passage of the years is denoted by Stevens with the popular music hits of the day and the dances that were then in vogue.

BROOKS' PAINTINGS SOLD FOR WAR RELIEF

Pictures donated by Major Allan Brooks, of Okanagan Landing, and sold in Ann Arbor, Michigan, realized \$680 for British War Relief. The society has collected and sent to Britain for air raid relief the sum of \$750,000 in cash as well as 144 ambulances and trucks, 600 mobile kitchens, and other supplies.

the man was away. To her they went in their problems. How many religious souls had acknowledged with grateful hearts that they had found the true religion at their mother's knee? In these days lucky was the man who chose one to be the mother of his children who was able to teach prayer and religion in her home, both by her words and by her example. In conclusion the speaker pleaded for self-control in courtship days, as well as for the avoidance of hasty marriages. He quoted the old law, "Marry in haste, and repent at leisure." The subject of the next sermon was announced as, "Jane is wearing a diamond," or, "Preparing to get married."

MISS HELEN FENTON WEDS AT WESTBANK

Becomes Bride Of Carl H. Schultze, Of Nelson

WESTBANK, B.C., Oct. 27.—Helen Mavis, eldest daughter of Mr. and Mrs. V. H. Fenton, Westbank, became the bride of Carl Harold, only son of Mr. Schultze, of Nelson, and the late Mrs. Schultze, at a quiet ceremony performed by the Rev. Mr. Harry, of Bethel Baptist Church, Kelowna, at the home of the bride's uncle and aunt, Mr. and Mrs. Gordon Cairns, Kelowna, on Thursday afternoon, October 23.

Wearing a navy suit, with a corsage of rose carnations, the bride was unattended, and was given in marriage by her father. Mrs. J. L. Dobbin, of Westbank, played the Bridal Chorus from Loehring, followed by the ceremony of Wagner's "Wedding March". Mrs. Dobbin also played during the signing of the register.

Following the ceremony, the bridal party motored to the home of the bride's parents at Westbank, where some 90 guests attended the reception, and where a four-tiered wedding-cake centered the bride's table. Mrs. Cairns and Mrs. Currie, both of Kelowna, poured, while friends of the bride served the guests.

Out-of-town guests included the groom's sisters, Mrs. Brown and Mrs. Cooper, both of Nelson, and Mr. and Mrs. A. Nicol and family, of Penticton.

Mr. and Mrs. Schultze will make their home at Nelson.

On the evening prior to her marriage, Miss Mavis Fenton was the guest of honor at a miscellaneous shower arranged by Miss Ethel Webber, of Westbank, and held at the home of the latter's sister, Mrs. Norman Fenton. Between 50 and 60 guests were present, while others sent their gifts, all of which delighted the guest of honor, who expressed her thanks, both for the gifts and for the wishes for future happiness accompanying them.

Another recent guest of honor at a presentation in honor of her approaching marriage, was Miss Margaret Young, whose home is at Oryana, but who has spent several seasons in Westbank, where her brother, Dick Young, is in charge of the local B.C. Shippers packing-house. Miss Young was the recipient of a handsome electric lamp on this occasion, the gift of her fellow employees.

The annual bazaar of the Peachland-Westbank Branch of the Victorian Order of Nurses, was again a huge success, and was attended this year by some 200 people, who gathered in the Westbank Community Hall on Friday night, October 24, in support of the work of the Order. The Community Club makes a donation to the Order of the hall for this annual event. Some \$130 was cleared for the V.O.N. on this occasion, and dancing in the charmingly-decorated hall was enjoyed to the strains of Pettman's Imperials. Many from outside points attended the dance.

Miss Genevieve Grant, who is training at St. Paul's Hospital, Vancouver, spent a recent week end at her father's home in Westbank.

ANNUAL BAZAAR HELD
LUMBEY, B.C., Oct. 27.—The Catholic Women's League annual bazaar, held in the Parish Hall, Thursday afternoon and evening, October 23, attracted an unusually large attendance. Under the direction of Mrs. Arthur Bessette, president, the affair proved to be both financially and socially successful. In addition to the usual sale of work, other attractions including bingo were enjoyed. Dick Moran held the winning ticket on the hamper which was raffled during the evening.

TWO NEW CONTROLS have now become essential in Canada's wartime design for living. These are:

(1) Control of Prices

Commencing November 17, 1941, there may be no increase in the prices of goods and services generally unless absolutely necessary and authorized by the Wartime Prices and Trade Board.

(2) Control of Wages

No employer, with certain limited exceptions, may increase the basic wage rates paid to his employees unless authorized by a Board on which the Government, employers and employees are represented. But after February 15, 1942, every employer with the same exceptions, will be obliged to pay a cost of living bonus and to adjust this bonus every three months.

Action Necessary to Stop Inflation

This Government action has been taken to prevent the inflation we knew in the last war, and its subsequent depression, unemployment and suffering.

Every housewife knows that prices are rising, and rising prices, unless controlled, will make it more costly and difficult to finance the war. Rising prices, unchecked, will spread confusion in industry and trade; will hinder production and proper distribution of supplies; will make the cost of living rise more rapidly than wages and salaries; will lessen the value of savings; will result in hardship for almost everyone, and especially those with small incomes. And the result of uncontrolled inflation, after the war, when prices drop, will again be depression and unemployment. Prices cannot be controlled without control of wages. Excess profits are, and will continue to be, under rigid control.

Coverage of Wages Stabilization Order

The Order is applicable to the following employers:

- Every employer normally subject to the Industrial Disputes Investigation Act.
- Every employer engaged in the manufacture of munitions of war, or war supplies, or the construction of defence projects.

3—Every building trades employer with ten or more employees.

4—Every other private employer with fifty or more employees.

Wage Provisions

Except on written permission of the National War Labour Board, no employer may increase his basic wage rates. This permission can only be given in cases where the Board has found the wage rates to be low. Wage rates which are unduly high will not have to be decreased, but in such cases the Board may order the employer to defer the cost of living bonus.

Cost of Living Bonus

Every employer covered by the Order must pay to all his employees except those above the rank of foreman a wartime cost of living bonus. Effective November 15, each employer already paying a bonus under PC 7440 of December 16, 1940, shall add to such bonus an amount based on the rise in the cost of living index for October 1941, above the index number used to determine the current amount of the bonus.

Effective February 15, 1942, each employer who has not been paying a cost of living bonus must begin to pay a bonus based on the rise in the index between October, 1941, and January, 1942, unless ordered by the Board to base the bonus on the rise in the cost of living over a longer period.

The bonus is calculated on the following basis: For each rise of one point in the cost of living the amount of the bonus shall be 25 cents per week, except for male workers under 21 years of age and female workers, who, if employed at basic rates of less than \$25.00 per week, shall receive a bonus of 1 percent of their basic wage rates.

These bonuses will be adjusted regularly every three months.

Administration

The Order will be administered by five regional Boards under the direction of a National War Labour Board. Labour and employers will be represented on each of these Boards. Watch for the announcement of these Boards to which inquiries concerning the application of the Order should be directed.

Whole-Hearted Support Required

Your Government knows that this policy, as it affects labour, industry, commerce, and agriculture, demands a degree of restriction to which Canadians are not accustomed, and is directly a wartime measure. It will demand self-discipline and self-control. It will need the whole-hearted support of everyone who has the well-being of his fellow citizens at heart. But by loyal co-operation, Canadians can have much more assurance that the fears, sense of insecurity, the suffering and profiteering which inflation always brings, will neither interfere now in the winning of this war, nor in the recovery and reconstruction of Canada and the Canadian way of living after the war is over.

Issued under the authority of
Hon. N. A. McLARTY,
Minister of Labour

Heals Eczema

Here is a clean, antiseptic, penetrating antiseptic now dispensed by chemists at trifling cost. Not only does it treat itching, burning, and open sores, but it relieves and cleanses the skin. It is instantly stopped. Eczema, skin eruptions, dry itchy skin, and all other skin troubles. The name is true of Barber's Eczema Ointment. Heals Tinea and Feet and other inflammatory disorders. You can obtain Barber's Eczema Ointment (full strength) in the original bottle at any drug store. Satisfaction or money refunded.

Notice is hereby given that the first annual return of the voters of the Municipality of Coldstream, for the purpose of revising the voters list, will be held on the 31st day of November, 1941, at 10 a.m., at the Municipal Office, Coldstream.

Done at Coldstream, B.C. this 29th day of October, 1941.
J. J. BAUNCEMAN,
Municipal Clerk.

OFFICERS RE-ELECTED IN HOCKEY LEAGUE

The personnel of the Okanagan Valley Hockey League will remain practically the same as that of last year following the election of officers on Friday, October 25, in Vernon.

C. D. Bloom of Lumby remains the league president and will be assisted by Dr. E. C. Pearson of Kelowna as vice-president. Secretary-treasurer of the league is K. Schmeider of Vernon.

The league, which is primarily an intermediate league, is running this year not with the idea of forming a loop for inter-city play but instead to keep things going at that when hockey begins its dormant season. The league will be operating and will be able to help.

Chief business of the league during this year will be the task of getting juvenile and minor hockey started.

Another meeting is to be held on November 7, at which time they will be able to accomplish more than in the last gathering as the Vernon Civic Arena will then have been opened for two days and teams will be starting to organize.

The annual B.C. Amateur Hockey Association meeting is being held on Sunday, November 3, in the Crown Point Hotel, Trail. Several Vermonters who were in attendance at the league meeting plan to attend this important gathering.

An encouraging announcement was made by Secretary Schmeider when he read a letter stating that a newly improved arena will not only be built in Vernon but will also be built in Kelowna.

These in attendance at the meeting were C. D. Bloom, Lumby; Dr. E. C. Pearson, Trail; and K. Schmeider, Vernon. All of them are active in the league.

The Whittings Association is holding the 1941 reunion of the late Captain Whittings in the form of a dinner and dance at the Georgia Hotel on Saturday, November 2.

HEAD OF PRESBYTERY ADDRESSES W.M.S. OF VERNON UNITED CHURCH

The Women's Missionary Society of the Vernon United Church held their annual autumn thank-offering meeting in the church on Tuesday.

President Mrs. W. L. Pearson, officiated and the devotional part was opened by the singing of the hymn, "O God, Be Glorified." Mrs. H. L. Pearson gave the Bible reading, Mrs. E. M. Quill offered the prayer, and Mrs. H. L. Pearson sang a solo.

The offering taken amounted to \$25.50.

The president introduced the guest speaker, Mrs. E. A. Schmeider, of Kelowna, president of the Okanagan Chapter, Presbyterian Women's Society.

have opposed the Coast Telephone Board have also previously expressed their opposition to Mr. Hogg and stated that they will not submit their case through him. Mr. Hogg continues, however, to act as the Federation of Agriculture.

POTATO BOARD

Feasibility of the Potato Board being opened by an efficient manager with the element members serving on a voluntary basis and merely directing policy was suggested Tuesday afternoon by W. H. Dorey, Vernon, who is representing potato growers of Vancouver Island.

Mr. Dorey thought such a scheme was possible. He thought if the chairman and the managers were paid and the other elected members asked to serve only once in a month that an adequate service would be provided.

In answer to Mr. Dorey, Mr. MacKay also thought that the Board could dispense with the executive committee and set up its own committee to advise it.

Hockey League

Continued from Page One

It is meeting many teams in the intermediate class.

For many years young teams have been a part of the league.

Now with the league's growth, it is necessary to have a youth league.

Players are always drawn from the ranks of the youngsters.

It would seem that their support would be the best insurance for a league which would be steadily operated and see could maintain hockey of a very high caliber.

LAST RITES TODAY FOR MRS. PHILLIPS

Well Known District Resident Succumbs At Her Home

Mrs. A. O. Phillips, of Lavington, an old time resident of this district, died at her home on Monday.

years before moving to Lavington in 1930.
Predeceased by her husband, Mrs. Phillips is survived by four sons: Harold and Cecil, of Vernon; Arthur, of Vancouver; and Wilfred of Regina. She also leaves two daughters, Mrs. William Dawo, of Lavington, and Mrs. John East, of Vernon.
Funeral services will be held today, Thursday, in the Vernon United Church, with Rev. Dr. Jenkin H. Davies officiating. Campbell Bros. were in charge of funeral arrangements.

Capt. R. W. B. Lowe, adjutant at the Training Centre, returned on Monday after having taken an advanced course in administration in Montreal.

Town and District

R. M. McGusty, returned on Wednesday from Victoria, where he spent a short vacation.

J. H. Watkin, of this city, is a visitor to Vancouver in attendance at a meeting of Ford dealers viewing 1942 auto models.

Mr. and Mrs. T. Hyland, former well known residents of Vernon, arrived here on Tuesday to spend ten days renewing old acquaintances.

After visiting at the home of his brother-in-law and sister, Mr. and Mrs. D. E. Clark, of this city, K. J. McKee, has left to return to Gold Bar, Washington.

Miss Emma Albers, of Wetaskiwin, Alberta, left Vernon on Monday to return to her home after having spent a holiday at the home of her uncle and aunt, Mr. and Mrs. J. Reid.

Stanley Chambers, son of Mr. and Mrs. E. N. Chambers, left for Vancouver recently where he passed his medical examination for a Youth Training School, where he is now in training.

J. J. deGryse, of Ottawa, chief of the forest insect unit, Science Service, was a visitor here during the past week, inspecting the Vernon forest insect laboratory. He arrived in Vernon from Banff.

Mrs. Frank W. Hopkins, who has been living in Angus, Ontario, near Camp Borden, returned to Vernon recently to take up residence. Her husband, Pte Frank Hopkins, who was stationed at Camp Borden, has been transferred to Sussex, N.B.

Sergeant Observer Ron Finlayson, accompanied by his mother, Mrs. P. R. Finlayson, of Okanagan Landing, left on Tuesday for Prince George where he is being married to Miss Elizabeth Anne Smith, daughter of Constable and Mrs. W. Smith.

L. Corner, O.N.R., traffic representative, Vernon, and D. C. Gough, superintendent, Kamloops, left here Wednesday to meet W. Hatley, general freight agent, Vancouver, and E. C. Spalding, foreign freight agent, Vancouver, in Penitence. The party will return by motor to Vernon today, Thursday.

G. D. Marshall, formerly of Summerland, has arrived in the city to reside for a time with his son and daughter-in-law, Dr. and Mrs. James Marshall. Mr. Marshall, who is manager of the Okanagan Valley Land Company, lived at Okanagan Centre, but some time ago moved to Summerland, where his wife recently passed away.

Dave Gibbons, Ken Parkes and Ben Douglas, star members of Vernon's lacrosse team, left on Sunday for Victoria. They traveled with the Salmon Arm team which is playing in the Capital City in an attempt to capture the B.C. Intermediate title. The three Vernon players will bolster the ranks of the Main Line team.

Hon. K. O. MacDonald, minister of agriculture, left for the Coast on Wednesday evening after having attended sessions of the B.C. Seed Growers' Association. During the afternoon Mrs. MacDonald and Miss Ellen MacDonald left by motor for their home in Victoria. They spent several days in Penitence, at the home of Mr. and Mrs. G. J. Rowland.

Rotary members from all valley centres will gather in Vernon on Thursday night, November 6, to meet past president of the Rotary International, Payne Templeton, of Helena, Montana. Mr. Templeton is considered a really outstanding speaker and it is expected that there will be a large audience in attendance. The regular Monday meeting of Rotary will welcome as guest speaker, the Bishop of Calgary, Rt. Rev. Ralph Sherman.

Ed. Sigalek, of Vernon, Arthur and Leslie Hoover, Louis Fugengeld and Robert Hay, of Armstrong, returned last week from a hunting trip which took them to Golden. The party experienced good shooting and included in their bag an elk which they shot before being on the trip very long, six mountain goat, of which number Mr. Sigalek bagged two, and many ducks. Not all of their time was spent in hunting as it took them many hours to get their truck back on the road after crossing a rotten bridge which crumbled under the weight of the vehicle.

Mr. Still expressed the feeling of the farmers when he said that shooters "road hunting" show no respect for the landowners' property and "consequently a few men are making it hard for everyone to obtain permission to hunt. The game warden is not to be trusted in a period of years this practice will hinder the sport for all hunters."

Magistrate William Morley set the fine at \$10, but said that if such practices as this are continued then in the future "the ante will be raised."

ALUMINUM SCRAP
The recent drive for aluminum scrap in Vernon and district resulted in a very handsome collection. Records of the Green of fields who were in charge. The 920 pounds collected was flattened and sacked by High School pupils prior to shipment. This task was by no means an easy one.

PENITENCE, B.C., Oct. 20.
The Penitence Ski Runners are planning for an active season. At the opening autumn meeting, a report was given stating that a ski-tow probably will be erected this year at Twin Lakes.

COMMISSION REPORTS
PENITENCE, B.C., Oct. 20.—Gulminating several weeks of detailed study, the work of the Penitence town planning commission was advanced last week when a list of recommendations for zoning was read at the Council session. Discussion was expressed at the findings.

To Appear Here

LUTHER KING

The distinguished American Negro singer, will be heard in recital this evening, Thursday, at the Vernon United Church. Mr. King appears under auspices of the Church Choir. He was soloist for five years with the famous Fish Jubilee Singers, travelling throughout Canada and the United States.

W.M.S. AT ARMSTRONG HOLDS THANKOFFERING

Mrs. R. J. Love Tells Of Work Carried On In Mission Fields

ARMSTRONG, B.C., Oct. 27.—Mrs. R. J. Love was the guest speaker at the annual Thank-offering meeting of the Women's Missionary Society and Associate Helpers of Zion United Church held in the church parlor on Wednesday afternoon, October 22.

President of the W.M.S., Mrs. J. M. Fulton, presided and the program was carried on by members of the Associate Helpers. After the opening hymn, Mrs. M. A. Clayton led in prayer and Mrs. Stanley Noble read the scripture.

Words of welcome to all present were expressed by Mrs. Fulton and these were responded to by Mrs. C. Empey, leader of the Associate Helpers, and in behalf of the members of this branch, Mrs. M. McDonald presented a beautiful bouquet of dahlias to Mrs. Fulton, who in turn presented them to Mrs. Swanson, honorary president of the W.M.S. A second bouquet was presented to Mrs. W. Mills as it was her birthday.

The Associate Helpers roll, consisting of 61 names, was called by Mrs. Empey, after which an instrumental duet was played by Mrs. Provse and Mrs. E. A. Norman. Mrs. Walbridge then sang a solo, "The Bishop and The Cow," and Mrs. Harold North played a piano solo.

Mrs. Love, in her opening remarks, told how 1675 Associate Helpers last year in Canada raised \$18,835, a little over one dollar each.

Mrs. Love told of those wonderful people whom she had met and worked with in her missionary work, whose influence is still present and some with whom she still corresponds: Miss L. M. Deacon, "one of the best women in our work," at the Crosby Girls' Home at Port Simpson, of which Home the speaker gave an interesting sketch of the origin. Mrs. Hannah Paul, whose work at Natal-Michel, will never be forgotten; Miss Dorothy Pearson, of India, who, on her last furlough when asked what was her reaction to the influence she had enjoyed my furlough but will be so happy to get home to India. I am so disappointed in our home people. They are so disinterested, even one's own family does not go to church nor uphold the cause of Christ," Tamil Maryanako, a Christian Japanese, a W.M.S. Scholarship girl who taught High School English in Japan.

This very interesting talk was brought to a close with these words: "Once a voice went up to Heaven saying 'Father, forgive them for they know not what they do.' Let us beware lest a voice go up saying 'Father, forgive them, they know but do not'."

Mrs. and Mrs. J. A. Lennox and Mr. and Mrs. J. Lamb, of Trail, left for home on Monday after spending a few days at the homes of Mr. and Mrs. Lamb and Mr. and Mrs. Marriott.

Miss Elsie Allen, R.N., of Vancouver, is visiting her parents, Mr. and Mrs. James Allen.

Mrs. Lawson, of Castlegar, arrived Saturday to spend a few days at the home of her sister, Mrs. J. G. Bradford.

Mrs. R. S. Sullivan moved Saturday to Vernon.

COLUMNIST'S CHARGE PROBED BY LEGION

Allegations Made In Vernon News Rousing Wide-spread Interest

Allegations made by Captain Elmore Philpott in his column, "As I See It," in The Vernon News, of October 16, are causing wide-spread interest and probing into the facts of his statements.

This facts as stated in the column have caused the local Canadian Legion to write to the Provincial Command expressing the opinion of the Vernon members.

The Vernon branch, stated Captain Combes, secretary, feels "that the matter is one in which the Canadian Legion might well interest itself by first, verifying the facts as laid out and secondly, by making the strongest possible protest to the Dominion government if the facts are borne out by investigation."

Four points are outlined in the letter from the local Legion to the Provincial Command which says: "If the facts as laid out in the article are as stated, they constitute a severe indictment of the Dominion government in regard to: (1) holding up active freight ships of an allied power, which were and are badly needed; (2) permitting shipment of scrap metal to a power which, to say the least, is not friendly and is probably an enemy; (3) imprisoning men who refuse to be a party to this transaction on patriotic grounds; and (4) suppressing information to the public through the press."

On Friday of last week Captain Combes received an answer from David McKee, secretary of the Provincial Command, in regard to the information contained in Captain Philpott's column regarding the Greek steamship "Boris" and other Greek steamships.

The matter of the "Boris" was brought to the Provincial Command's attention about the middle of August. In order to have the matter investigated he wrote to Ottawa to the General Secretary and then to the secretary of the Victoria District Council.

Mr. McKee gave the following information concerning the steamship: "This ship has been under charter to go to Japan, but the charter had been cancelled some time in June, and the ship at the time I received the report was registered under the Greek Allied Shipping Board and is under the control of the British Admiralty. Certain orders have been received in connection with her, but I understand that she is still in dock."

He further added that the Dominion Command had advised him that they had taken the matter up with the Canadian Shipping Board and the Secretary of the Board had advised the Dominion office that the matter was under consideration, but that it had presented a problem of great complexity. Mr. McKee said that he has received no further word from the Dominion Command since that date.

In closing the letter the Provincial Secretary stated that he has written to the Victoria District Council asking for a further report, is also planning to discuss the matter with Captain Philpott, and is again writing to the Dominion Command. Following his search for further information Mr. McKee will send a letter to Captain Combes advising him of any new developments.

Mrs. Charles Lockman, of Oakland, California, returned to her home after having spent a two weeks' visit with her sister, Mrs. G. P. Folli.

Editorial

STRONG GOVERNMENT —MOST VITAL NEED

OVER a week has passed since British Columbia's general election and, though the situation is by no means clear, all indications point to the probability that for the duration of the war, we will be governed by a coalition of the two older parties and with the C.C.F. as the Official Opposition.

Meanwhile, Premier Pattullo and his minister of finance, Mr. Hart, who is mentioned in certain circles as an acceptable next Premier, are off to Ottawa to conclude an agreement with the Dominion—an agreement, by the way, for which arrangements were made prior to the election. Until the return of these two highly placed officials, the situation is likely to remain much the same as for the past week.

On December 2, as soon as possible under existing statutes, the Legislature will meet, and then we shall know more clearly than at present the definite pattern of our government.

Just what places the major personalities will occupy in the government is unknown, even supposing a coalition is formed. In the kindest possible way, the Premier should be told that a majority of the electorate do not care who is the titular head of the administration, within the limited circle of present personalities, just so long as an efficient and workable government is formed.

There are, however, a number of things that the responsible electorate wants to avoid. Chief among them is another election, forced by the jockeying for position of any of the groups to be represented in the new Legislature. The professed desire of the three parties is to avoid another appeal to the province. Yet it is by no means an impossibility that any one of the parties asked to form a government could be voted out.

This is a time, if ever there was a time, when strong, capable government is needed, and British Columbia looks to Premier Pattullo and his followers and Mr. Maitland and his followers to give that government.

From Harold Winch of the C.C.F., "British Columbia will certainly have an opposition that is alert, searching, questioning. In this role they have already proved themselves, to such great purpose that one-third of the electorate are their followers. The C.C.F., especially in wartime, is not ready for government and knows this. They see their opportunity for later, and are not likely to be so foolish as to be drawn away from a plan the following of which has placed them in a few years in an exceptionally strong position.

To think that the C.C.F., pledged to socialism, would join a union government, is to fail entirely to grasp the revolutionary principles of this party.

Unless the two older parties can unite, compose their differences, and give government combining the best features of Liberalism and Conservatism, the C.C.F. may soon sit in the driver's seat, and not in coalition.

HOCKEY GREAT LEAVE THE VALLEY

THE Okanagan Valley—for many years the seat of development of Intermediate hockey—has now definitely lost this premier position in British Columbia, and spectator-supporters of this winter sport here must content themselves with watching 'teen-aged and younger youngsters perform.

The crux of the matter is that—at least until the war ends—top ranking hockey will not be seen in the valley. What the future holds is unknown.

Many of those men who, in happier days, spent time and money freely on hockey are not giving up. Wisely, they are starting from the bottom and working with youngsters, building a solid foundation.

But, in the interval, those who have become accustomed to good hockey are not likely to turn out in such flattering numbers. Gone, for the duration at least, are crowds of several thousand who the past few years packed the Civic Arena to watch hockey of a calibre that showed a vast improvement over even six years ago.

Most of the Okanagan's best players are no longer here—either they are in the army or in war industry. The Coast, where jobs are apparently plentiful, is now the focal point of Intermediate hockey. In fact, so strong is the current, that the third city in Canada, Vancouver, will be represented not by a professional team, not by a first rate Senior team, but by an Intermediate team.

Little may be gained at this time by probing into the causes for the decline of this sport in the Okanagan. All sports hereabouts have suffered because of the war and hockey probably would have been no exception.

Vernon has, however, played a noteworthy part in bringing hockey into prominence in British Columbia. When the Western Canada series was played here the impetus and financial backing could have been secured in no other place and but for Vernon, enthusiasm, would have died aborning.

Perhaps the day will come again—we hope so—when this city's teams will again demonstrate their qualities in a province-wide theatre.

WAR ECONOMY ALREADY SOWS PROBLEMS

THE extent to which the Okanagan tree fruit industry is dependent on exports for its continued existence is being proven this year with the re-opening of the British markets to a substantial volume of valley apples.

Though many growers were unaware of the situation, the fact was that prior to the successful negotiations for export of 1,500,000 boxes of apples, the industry was faced with a very heavy task of disposing of the crop on domestic markets and on those few export markets unaffected by war. Of course, the very

The Princeton Road

"How weird!" I thought when first I came this way,
The shadows lengthened, nearing close of day;
Mile after mile the narrow roadway ran
And never showed a sight or sign of Man.

The hills grew loftier and nearer too,
Shutting the world of cities from our view;
A perfect setting for fierce outlaw bands,
Withdrawing with their spoil from plundered lands.

The very poles that, on their branching arms,
Bore civilization's tidings and alarms,
Seen in some open space against the sky,
Seemed gibbets where such brigand outlaws die.

"How beautiful!" I thought, when morning's light
Banished the gruesome fancies of the night,
Bringing out color in those rock-ribbed walls,
In winding stream and verdant intervals.

On slender silver birch the golden green
Of bright new leaves beside the river's sheen,
The deeper green of grass, the blue and mauve
And velvet fawn upon the hills above.

Vernon. —A.M.

much smaller crop would have lessened the problem substantially; now a much greater volume than available could be marketed.

No statements by those in authority, either shippers or importers, have been made in connection with the British deal. Yet the widespread assumption is that the re-opening of the Overseas markets was due to two factors: the improved position of the merchant navy in the Battle of the Atlantic and the necessity of adding to the very restricted wartime diet of the British.

If these assumptions are a reasonably accurate presentation of the case—and, as we have said, these are the views most widely held—then there is a definite reason to hope that British Columbia apples will help fill a necessity in the British food consumption scheme until the war's end.

Yet the paramount consideration is shipping space and in the ebb and flow of the Battle of the Atlantic it is possible that enough ships may not be available, another year. As British leaders have pointed out, this is a battle that will not definitely be won, one way or the other, until the war's end.

Though the war appears far from won, some of the problems that will descend like a chill mist over post-war Canada are already beginning to appear. In this connection, a review of some aspects of the Canadian economic position, in a recent edition of the Financial Post, Toronto, provides food for consideration.

The article to which this reference is made primarily concerns the Maritimes, but some sections may apply also to British Columbia. It is pointed out, for instance, that Dominion war orders have been highly concentrated in Ontario and Quebec, for reasons perhaps justifiable in war but certain to provoke hardship in peace.

Government grants to industry for capital equipment have gone 42 percent to Ontario and 41 percent to Quebec. The prairies got 10 percent and British Columbia 4 percent, with the remaining three percent to the entire Maritimes.

The Financial Post points out that the now preponderant industrial provinces of Ontario and Quebec will become even more highly industrialized, thus greatly increasing their economic power and consequently their political influence within the confederation.

This also means that Canada's external trade policy will be affected. The central provinces will not only wish to have protection against manufactured goods they will be looking for markets for their exportable surpluses.

"If, as one may expect," the Post says, "Canada becomes a creditor rather than a debtor nation, the problems of marketing agricultural produce abroad and the problem of selecting the type of import we will permit our debtors to make payment will become exceedingly difficult and will breed conflict between the different economic regions."

"EXPIATION"

Very human are the feelings aroused in most of us by the Nazi killing of French hostages. Emotions are deeply stirred by the 50-to-1 reprisals for the assassination of a German colonel at Nantes and a major at Bordeaux. The failure of this butchery to halt the attacks and of a \$300,000 reward to snare the Nantes assassins indicates the depths of hate developed in France by Nazi terrorism. Madness is reflected in the killing of German officers acting under orders, as in the slaughter of helpless hostages convicted only of being Frenchmen.

Those of us who only hear about these horrors must resist the hysteria of hate. If our response is to be any more useful than the participation we must turn emotional energies to helping instead of hating. We must break the vicious cycle which would answer reprisal with reprisal. For this thing the Nazis are calling "expiation" would carry civilization into the abyss. The Moslem eye-for-an-eye was cruel enough; but multiple reprisals, 50 lives for 1, would produce something worse than the Hundred Years War if taken up by the peoples now held down by the Nazis.

To prevent hate building such a holocaust is one of the hardest tasks on the road to peace. It will be easier if the German people separate themselves clearly from Nazi barbarity and cast out not only Hitler but the kind of thinking that made Hitlerism possible. For others the effort must be to aid the oppressed, halt aggression and create conditions which will bar future oppression and aggression.

It is necessary to begin by holding our own hate in check. But to say, "Don't hate the Germans," is not enough. Something positive has to be put in place of hate. For the present it may well be helpfulness, giving every feasible aid to those struggling with the wrong we are tempted merely to hate—and meanwhile allow to spread.—Christian Science Monitor.

BREAD AND CIRCUSES -- 1941

From The Vernon News Files

Dr. K. C. MacDonald was elected to succeed G. O. Nesbitt as president of the Canadian Club

TEN YEARS AGO at the annual business meeting held on Tuesday, Thursday, Nov. 5, 1931 evening in the Board of Trade rooms—Seriousness of the water supply as regards the city of Vernon's supply, and the South Vernon Water Users' Community was revealed at the hearing held before District Engineer D. K. Penfold in the Board of Trade room on Wednesday afternoon—Five thousand acres lying within the boundaries of the Vernon Irrigation District, in the Coldstream area, have been surveyed to date by C. C. Kelly, officer in charge of the governmental soil survey.

If the plans of the special committee appointed to arrange the Armistice Day service are carried out as tentatively arranged on Thursday, Nov. 3, 1921 met in Police Park at 11:30 a.m. Today, when the members of the city will conduct the exercises—all the members of the Vernon Athletic teams will be guests of the Elks at an "At Home" to be held on Friday evening when an entertaining program will be provided. The golf club officials have already begun work on the new golf course. Fairways and greens are being located and arrangements made for the planting of grass seed.

By winning the Stillwell trophy and \$1,000 at the great Pan-American Exhibition at New York today, British Columbia

THIRTY YEARS AGO had earned the reputation Thursday, Nov. 9, 1911 of growing the best potatoes on the continent. The exhibit consisted of 101 varieties drawn from

all parts of this province.—At the conclusion of the regular service in St. Andrew's Presbyterian Church, last Sunday evening, a public meeting was held at which a resolution was adopted requesting the C.P.R. to abandon its proposal of instituting a Sunday passenger service on the S. & O. Railway and on Okanagan Lake.—R. Swift, of this city, has purchased the Royal Hotel in Kelowna from J. W. Milligan.

A meeting was held in The Vernon News office on Friday evening to consider the question of building a skating and hockey rink. Plans were submitted Thursday, Nov. 7, 1901 by T. E. Crowell for a fine building and it was estimated that the total cost of the structure, with the lots, would be about \$1,500. A committee composed of Price Ellison, S. C. Smith, T. E. Crowell, G. R. Lawrence, and A. Moreland was appointed to see what could be done as regards forming a joint stock company for this purpose.—A calamity took place on Friday last at Salmon River bridge, when the house of George Mitchell was destroyed by fire and the 11-year-old son of the family perished in the flames.

Church of England services will be held regularly hereafter in the school house, and will be conducted by the Rev. Mr. Outerbridge.—James Cross, Thursday, Nov. 15, 1891 and Duncan Woods have secured the contract to construct a big irrigation ditch from Mill Creek through Lord Aberdeen's Gulshanac Ranch at the Mission.—The townsite of Armstrong is being surveyed this week by Mr. Feltner and several lots have already been secured by local business men.

Post-Election Comment

The following extracts from three Okanagan weekly newspapers immediately following last week's election may be of interest:

Penticton Herald.—At this time of writing the provincial election is difficult to bring into focus. Yet it seems obvious to say that its most outstanding feature was that which had its reflection in this riding when, for the first time, a C.O.F. standard bearer was chosen. Throughout B.C. as a whole, the volume of support given this party was highly noteworthy.

This, however, is the outward fact only. What naturally interests every citizen is the question of the significance of the vote.

That it indicates a substantial trend towards socialism goes without saying, for the political philosophy of the organization has been capably advanced. It could be added, however, that many have cast their votes for the C.O.F. in purely an anti-government gesture and have found themselves, for various reasons, unable to give their support to the Conservatives.

In brief, then, the C.O.F. vote to which we refer is a strong rebuke to the Liberal regime. But it is also a rebuke to the Conservatives. Those who found it in their mind to cast a ballot in repudiation of the government have swung more to the new party than to the traditional "status quo" foes of the Liberals who, in this recent election, were led by Mr. Maitland.

The straw would seem to be in the wind. Whenever any legislature anywhere holds a substantial body of the left-wing such as the C.O.F., whose political faith is quite radically different from that of the older parties, the tendency is for those "status quo" groups to draw together. Personalities and old hatreds there may be, presumably irreconcilable differences, and all the rest of it. But such cleavages as there may be between such parties is small, in comparison with the difference they both share in common in being removed from socialism. There may not be such permanent fusion at this time here in B.C. But if the C.O.F. continues to show such strength, this joining together of Liberals and Conservatives will surely come. It is a process of political evolution that has never failed to appear elsewhere—Old Country politics offer a splendid example—so why should we presume that it will not come here this province? The socialist vote is not coming to disappear, and, in the long run, the public will force a division on basic policies rather than on party labels.

In our humble judgment, that is what we think the men and women of B.C. were finding their way to accomplishing in the balloting of Tuesday.

Kelowna Courier.—The Pattullo Administration based its election plea on the fact that it wanted a mandate from the people to take to Ottawa for use in its negotiations with the Dominion Government. It did not get that mandate. Time and again Mr. Pattullo and members of the Cabinet emphasized that they desired a substantial majority to take to Ottawa with them.

This point, probably more than any other, was the focal point of the campaign and on Tuesday the people of British Columbia very definitely pointed out that they were not enthusiastic about Mr. Pattullo representing them at Ottawa. The voters on Tuesday remembered the attitude which Mr. Pattullo took in Ottawa last January when he succeeded in making a fiasco of the Birols Report conference and they have indicated that they are in definite disagreement with the Pattullo Administration's stand at that time. The people of British

Columbia on Tuesday plainly stated that they are not in sympathy with the "B.C. First, Canada Second" attitude adopted recently by the Government of this province.

This, and the attitude of the Liberal party on the suggestion that a highway commission should be formed, probably were the two reasons why the Pattullo Administration has not a majority in the Legislative Assembly today. The Government went to the country with all the tactical advantages in its favor—a substantial majority, a war and lessened interest in purely provincial matters, a weakened and disorganized Conservative Opposition, and a C.O.F. party that was bearing the burden of members who had made injudicious statements about the war. Despite all this, the antagonism created last January was so strong that the best the Liberals could do was to emerge slightly the largest party.

Just what will be the result of the present unsatisfactory and undecided standing of the House it is difficult to forecast, but there would seem to be three possible courses open. Certain it is that no party is in the position of forming a government unassisted. A new election might be called to settle the issue, but this certainly was not the wish of the electorate, especially as there would be no assurance that it would solve the problem. On the other hand, the Liberals and Conservatives might combine to form a government, which would have just about the same majority that the Liberals had in the last House.

The third possible solution is the one which would meet the most general acceptance. A coalition government in which all three parties would be represented. This idea is already working in Manitoba, presumably satisfactorily, and it would seem to be the ideal solution for British Columbia. One objection, of course, would be that there would be no opposition to the government. One difficulty might be the extent to which the Liberals and the Conservatives and the more radical C.O.F. could find common ground upon which to operate. But this surely could be overcome.

Salmon Arm Observer.—There must be much gnashing of teeth among prominent Liberals throughout the Province over the election on Tuesday. That there has been much gnashing was quite evident to some lookers-on, that there was too much certainty of winning was equally evident. Equally so must there be some heart-burning among Conservatives who could only add three seats to their total and will now take a back-seat to the C.O.F. in the House, although they spent lots of money.

It is rather difficult to say what the cause of the change was, but in some cases the attitude of the government of Premier Pattullo on the Birols report had much to do with it. Then, also, the repudiation of the old Liberal resolution favorable to a Road Commission created doubts that further repudiations might come about. Perhaps the worst feature of the Liberal situation was the complete lack of organization. Apparently Victoria felt so cocksure of results that organization was unnecessary. The condition in Salmon Arm was symptomatic of the whole province.

Now that the election is finished without any of the three parties having a majority over the other two parties, there can be only one solution—amalgamation, union or co-operation. The C.O.F., of course, won't be a party to this on principle, but the Conservatives recommended it months ago and the Liberals would not listen.

AS I SEE IT..

By Captain Elmore Philpott

Not for ten years has this writer been the target for quite so much hysterical abuse as is now pouring forth in the columns of an Edmonton Ontario Credit organ called "Today and Tomorrow." It takes my mind back to the days when I suggested that the numerous Ontario folk who were joining the KLU KLUX KLAN were plain fish. I showed that they were paying \$10 apiece for antiquated night-shirts which, since the advent of pyramids, could not be given away at any price.

For that one Klavem of the Canadian Klan burned the fiery cross, at least on paper. They sent me an anonymous embossed letter warning me of dire things to happen. So the anonymous article writer in the Social Credit organ breathes similar threats. But whereas the Klan could at least write articulate English the Social Credit apologist becomes so hysterical with convulsive rage that it is hard to make out what he is trying to say. Obviously he is mad at me. He writes, in the issue of October 9:

"The author of the above saving grades is a fellow by name of Elmore Philpott. If Mr. Philpott has read in question then he must be blind to reason (and dumb into the bargain) besides being deliberately dishonest."

This rather remarkable outburst was caused by the fact that in my daily articles for various papers in Canada I pointed out several points of affinity between paid Nazi agents in the United States and some (not all) Social Crediters in Canada and elsewhere.

Those points are:

1. The claim both by the Nazis and their Social Credit affiliates that World War II is not really caused by Nazi lust for world conquest but to some deep-dark

THESE TWAIN conspiracy—by Jewish International bankers—who in some way not explained to us evidently give Hitler his marching orders.

2. That outstanding fascists (or ex-fascists?) about whom I wrote at length in 1938, and who escaped internment when war came, are now carrying on in Quebec as "Social Crediters." Their leader said, in 1938: "Mussolini is the greatest living human being. It is quite an achievement in stupidity not to see it."

3. That both the Nazi agents and some Social Crediters are now opposing the proposal for British-United States federal union—which is endorsed by at least three quarters of the present Churchill government—and for which the late British Ambassador, Lord Lothian, almost literally worked himself to death. These two groups are opposing it with precisely the same slanders, insinuations and downright lies.

It was too bad for the anonymous Social Credit writer that he attacked me just when he did. For almost at that very hour the G-men of the U.S. were arresting the master registered Nazi agent in the United States, George Sylvester Viereck. One of the five points in the indictment later returned against this man is that when he registered with the U.S. state department as an agent of the German government that he withheld certain pertinent information. This included the following activities:

That Nazi agent No. 1 not only financed the book "We Must Save the Republic," supposedly written by Stephen Day, U.S. Congressman from Illinois, but that he (Viereck) had actually written much of it.

And what is this book? It is a charge that the proposed British-American federal union is an international bankers' plot. Apart from some silly variations, such as that U.S. Catholics would be gobbled up into the Anglican church, there is no material difference between this effusion by Hitler's henchman in the United States and the attacks on the same plan by Social Crediters. The chief difference is that the former say Uncle Sam would be gobbled up by the British Empire the latter claim the exact opposite is true.

The Nazi affinity wing of the Social Credit movement might claim it is a mere coincidence that their propaganda and that of the U.S. Nazi agent is so much alike. But Father Coughlin's paper, "Social Justice," tells another story.

As everybody knows, Father Coughlin is the most influential anti-British isolationist in the whole U.S.A., with the possible exception of Lindbergh and Wheeler. His attacks on the same plan by Social Crediters. The chief difference is that the former say Uncle Sam would be gobbled up by the British Empire the latter claim the exact opposite is true.

FATHER COUGHLIN'S drew loud

HELPER cheers only less loud than those for Hitler at the meetings of the German-American Bund. And what does Father Coughlin use for material, not only to oppose federal union as the basis for the next peace, but actually to sabotage the aid-for-Britain program in this war?

On page 14 of "Social Justice" for September, 1941, is an article called "What Australia Thinks." It is from an obscure Australian Social Credit paper, published by Eric Butler at Melbourne, and called the New Times. In a foreword Father Coughlin explains that "Social Justice magazine has been campaigning against 'UNION NOW' which is nothing more than Jewish Internationalism. Its chief apostle in this country was the Jewish International Journalist, Clarence Street."

From whence comes that total falsehood about as fine a type of young square-jawed American newspaperman as I have ever met—who is incidentally from an evangelical Protestant Christian home, much like that of the Abernethys near Georgian Bay, Ontario?

From this Social Credit sheet, Coughlin explains that as early as June 27 this Australian Journal had described federal union as "treason." That is a whole year after Mr. Churchill had actually offered federal union to France, and after hundreds of Britons, including the Archbishop of York, Lord Beaverbrook, and many others had urged union with U.S.—after all this the Social Crediters and Father Coughlin could agree that it was "treason." One might well ask: Treason to whom?

On what grounds does this Australian writer oppose British-American union? Because the British Jewish banker, Sir Victor Sassoon, is in favor of one or other of the dozen or more such proposals being discussed.

One swallow may not make a summer. But one Jewish banker is final and convincing proof to the Social Crediters and Father Coughlin that

this is a deep seated world-shaking Jewish conspiracy. It is on a par with Congressman Day's argument that because a British Archbishop favors federal union, its consummation would mean the end of Catholicism in U.S.

What interests me most is Father Coughlin's "From the above article—"

Forever AFTER

On your hand and in your heart for always. Choose a Coronet—in exquisite design—seamless and hardened for lifetime wear. Quality, beauty and value at every price. The wedding token supreme.

Coronet WEDDING RINGS

VALUABLE HORSE IS KILLED BY MOTORIST

LAVERGTON, B.C., Oct. 27.—Two valuable horses, the property of E. Rendell, were hit by a careless driver one night last week on one of the back roads. One animal was killed and the other badly injured. These horses were left in an orchard to graze and it is thought some one had left a gate unlatched.

Mr. and Mrs. John Kozoris were passengers to the coast last week, the latter to take some medical treatment. While in Vancouver, Mr. Kozoris heard of the sudden death of his daughter-in-law at Jasper, Alberta; they were summoned to attend the funeral on Friday last.

W. Medelko and party, of In-singer, Sask., motored through to Lavergton last week, to visit with several friends here and have left to continue their trip to the coast. They made the trip over the Big Bend highway and report roads were good except at one spot near Golden, where they were compelled to "stop off" for several hours, owing to a big washout.

Several of her intimate friends gathered at the Springfield Ranch, the home of Miss Doreen Hensley, on Thursday evening last, in honor of her birthday. An enjoyable social evening was spent.

JUNIOR W.A. SALE HELD AT ENDERBY

Young Members Realize Excellent Sum Of \$35 For Efforts

ENDERBY, B.C., Oct. 27.—The excellent sum of \$35 was taken in at the Anglian Junior W.A. sale on Saturday afternoon in the Parish Hall. Busy members, wearing gay orange and black caps, waited on the tables and took charge of all activities during the afternoon.

At the home cooking stall were Margaret Blackburn and Delores Strickland; at the fancy work, Violet Bush and Corrienne Kope; fish pond, Gladys Garner; quilt raffle, Sybil Curry; candy stall, June and Joyce Smith, and waiting on the tea tables were Viola Brash, Betty Stephens and Pamela Stephens.

Supervising these workers were Mrs. T. Brash and Mrs. T. Kneal, who hold regular weekly classes at which each member is taught numerous and helpful arts of sewing, needlework and home economics. The excellent training the members receive during the months is well displayed at their sales as they go about their charge equally as well as their senior branch of the W.A., of which many become members in later years. Also assisting during the afternoon was Mrs. F. Ellington who convened the tea arrangements.

During the afternoon a child's crib quilt was raffled, Mrs. Tommy Walker holding the winning ticket. This quilt was composed of numerous blocks which had previously been worked by members of the W.A. in various embroidery designs which would be attractive to tiny tots. The blocks were then sewn together with a contrasting yellow block and the remainder of the quilt made up, and was on display during the afternoon sale.

Mr. and Mrs. Harry Wooliam are receiving congratulations on the birth of a daughter in the Enderby General Hospital on Friday, October 24.

The many friends of Eric Robertson, of Vancouver, former resident of Enderby, were pleased to visit with him this week when he has been the guest at the home of Mrs. B. Collett. Mr. Robertson enjoyed renewing old Enderby friends and reported that his wife and family are well.

A. B. Greig, manager of the local Bank of Montreal branch, visited with friends at Mount Ida on Saturday afternoon.

Mr. and Mrs. William Preston are home again after spending some time in Calgary where Mr. Preston has been inspecting ties for the C.P.R. Mrs. Preston left on Thursday to join her husband and accompany him on his return trip.

LOOK OUT FOR YOUR LIVER

Back it up right now and feel like a million!

Your liver is the largest organ in your body and it is the most important. It filters out all the poisons in your blood, gets rid of waste, supplies new energy, allows proper nourishment to reach your blood. When your liver gets out of order food decomposes in your intestines. You become constipated, stomach and kidneys can't work properly. You feel "rotten"—headache, backache, dizziness, dragged out all the time.

For over 35 years thousands have won prompt relief from these miseries—with Fruit-A-Tives. So can you now. Try Fruit-A-Tives—you'll be simply delighted how quickly you'll feel like a new person, happy and well again. 25c, 50c.

FRUIT-A-TIVES

Lookout Men Keep Constant Vigil Over Okanagan Timber

In late September, when our "lady of the snows" first wraps her mantle around the highest of the Interior hills; with the bluish on the McIntosh apples and the wild michael-mas daisy, comes the exodus of a small group of men who have spent the summer months in high and lonely places. These they return to civilization. To their wives and families. To their homes and little gardens. To the conviviality of their friends.

These men are guardians of the forest glade. Of the stately fir, pine, spruce and rarer tamarack, the needles of the latter being by this time of the purest gold. In their keeping, too, are the inhabitants of the wilderness, settler, prent and bird, all of whom know no fear equal to that of the forest fire.

Through the Okanagan Valley and the Lumby district, several lookout posts are located on the highest points, each in charge of one man. These employees of the Provincial government are chosen according to their qualifications, their integrity and aptitude to live under lonely, primitive and sometimes difficult conditions.

Of the look-out posts above mentioned, one is situated on Terrace Mountain, located on the west side of Okanagan Lake, approximately 50 miles from Vernon, and 25 from Kelowna. Its height at the summit is 6,280, and it commands a view of acres upon acres of rolling country, much in the immediate vicinity having a thick growth of many millions of feet of tall, slim spruce. A logging road makes it possible to traverse most of the distance by car, with the exception of the last four miles.

Around June 25, the look-out men take up residence for the summer months in seclusion and communion with the evening hills. Every assistance is rendered by the local forest rangers, and, as was the case on Terrace Mountain, the latter portion of the journey was made by pack-horses. Two tents, cooking utensils, food, stove, bedding, to say nothing of radio, batteries, maps and other equipment were scientifically placed on the broad backs of the horses, one of which was "topped off" to use the language of the bush, by a small wastebasket.

Once established, a constant vigil is kept over the surrounding country by means of field glasses. The radio is equipped with a transmitter and receiving set, run with four "B" and four wet batteries respectively. Such are the wonders of modern science and the benefits of the age in which we live, that from the mountain peaks hourly contact can be maintained with the outside world. During the hottest part of the season from dawn to midnight, and sometimes during the short summer darkness, headquarters of the Forestry department at Kamloops and other centres are contacted by the look-out man, who reports if all is well or not.

The economy of this service can be readily seen, when the tremendous losses sustained by a forest fire and the subsequent cost of fighting outbreaks are taken into consideration. For the duration of the season, these men never leave their posts for even a day. The forest ranger, in whose district they happen to be, makes frequent trips "in" (although to the layman it would appear to be "up") with supplies, not the least of which are batteries for the all-important radio. Notwithstanding, fresh meat was not tasted by one of these look-out men for the duration of his stay, about three months.

Owing to the exceptionally heavy rain of late August experienced in this district, which continued practically throughout September, months when ordinarily the forests are driest and the hazards most dangerous—no fires were reported this season from most of the stations in the Upper Country.

The long-looked for day at last arrives when the radio is disconnected. When the banks are bare and the business of the look-out men is to sit down the mountain side with their faces towards civilization, and the outside world. Snow in all probability had already begun to fall on the high levels, and standing water would have a coating of ice if left overnight.

The only fire the lonely custodian of the forest is interested in now, is one around which he can relax in a comfortable chair.

Notwithstanding, while smoking his faithful pipe, his companion through the days of watchfulness, he sees in the glowing embers the panoramic view laid out in a pattern far below; the cloud effects; the mountain sheep; the sunrise and the sunset. In reverie, he thinks that life was sweet, brother, in the silence and peace of the everlasting hills.

M.J.

Packing Houses At Rutland End Run

Crop In District Only Half Of Normal Year's Yield

RUTLAND, B.C., Oct. 27.—The packing house of McLean and Fitzpatrick Ltd., the local independent firm, completed their packing season on Saturday, October 26, the earliest closing date in years. The company operated a double shift, the night crew being laid off on Friday morning. The crop this season has been hardly more than 50 percent of normal.

The Rutland branch of the Kelowna Growers' Exchange is still operating two graders, but will finish up some time this week.

Rutland gave the local man strong support in the recent election, giving Capt. C.R. Bull, whose home is on the Belgo Bench, Rutland, a majority of 25 votes over the combined totals of the two opposing candidates, and a plurality of 181 over Bennett, Conservative, and 155 over Mrs. Snowsell, the C.O.F. nominee. Three polls were installed at the Community Hall for the voting, the D.R.C.'s being C. E. Hovos, C. Montgomery and D. Dugan.

Charles Stewart, of Kelowna, has purchased the six acre lot adjoining the Catholic Church, belonging to the late Tehal Singh.

Rutland's school football team defeated a visiting Kelowna school team 2-1 in a friendly game here on Thursday.

Mr. and Mrs. J. Fahlman left on Saturday morning for Vancouver to visit their daughter, Mrs. Leo Graf.

Mrs. E. Monford and Mrs. D. Danville left for Victoria on Tuesday last on a visit to their sister, Mrs. C. Schayler.

The Rutland Boy Scout troop is re-organizing for the new season, and will commence regular meetings on Monday, November 3. The troop closes down each year from August to October, during the busy season. A meeting of the Patrol Leaders and Scouters will be held at the home of Scoutmaster Gray on Friday made plans for the troop's activities from now until the end of the year. A list of former members now serving in the Canadian Army, on Active Service, was compiled and was found to number over 30. The list includes three former assistant Scoutmasters, three troop leaders, and 14 patrol leaders.

TRINITY VALLEY NOTES

TRINITY VALLEY, B.C., Oct. 24.—Dr. J. E. Harvey and Miss Edles were visiting the Trinity Valley School on Monday. This was Dr. Harvey's first trip here as School Health Officer.

Election day ended with a tie between Conservatives and C.C.F. D. Saunders was deputy returning officer and Miss I. H. Norcross, poll clerk.

Most people are busy digging up potatoes and late garden crops. The wet season has not spoiled the potato crops any. The district was fortunate in having no grain crops to worry over and very little second growth alfalfa has been left outside.

John Pow was a visitor at Mr. and Mrs. Harvey. Worth's home during the week.

Mr. and Mrs. Wellington Smith, Miss Maxine Vilett, and Miss Thora Smith, of Armstrong, were visiting friends in Trinity Valley on Sunday.

A patch of white fur strewn across the road denoted more killing by owls this week. Several quite large sized owls have been seen at different parts along the road.

Our Town is at War

● Men are drilling in our town... our own men... men we call by their first names. Some of them quit good jobs to join the army... some quit school. When the Empire went to war and Canada went to war... this town went to war. Every now and then a few more men from this town leave for active service. We're taking the war more seriously. Are we? Are we all? Are those of us who haven't joined up doing all we can? Are we lending all we can? That's one thing we can all do... one thing we must all do. We must all buy more War Savings Certificates.

The help of every Canadian is needed for Victory. In these days of war the thoughtless selfish spender is a traitor to our war effort. A reduction in personal spending is now a vital necessity to relieve the pressure for goods; to enable more and more labour and materials to be diverted to winning the war. The all-out effort, which Canada must make, demands this self-denial of each of us.

DETECTIVE ADVENTURE IN STATE'S CAPITOL

Thrills, mystery and romance rule in "Washington Melodrama," tense detective adventure laid amid today's events in the U.S. capital, and coming to the Capitol Theatre on November 5 and 6.

The story deals with a millionaire civic leader enmeshed in a murder and blackmail plot, from which his socialite daughter rescues him by turning amateur detective, aided by her newspaperman fiancé.

Frank Morgan plays a dramatic role as the plot victim, and Ann Rutherford, in the romantic lead, proves a beautiful and compelling heroine. Kent Taylor plays opposite her convincing Dan Dalley, Jr., and Virginia Grey, at night club dancers, stage a spectacular act and also figure grippingly in the plot.

Other players, skillfully directed by S. Sylvan Simon, include Fay Holden, Sara Haden, Lee Bowman, Anne Gwynne, Olaf Hyton, Douglas Dumbrille, and Cliff Clark.

Roll'em with Ogden's!

Ask any real roll-your-own about Ogden's. He'll tell you he has been smoking it for twenty years or more. Why? Because it's not just another tobacco—it's Ogden's. And Ogden's has a taste all its own, a taste which comes from its distinctive blend of choice ripe tobaccos. Take a tip from old timers and roll 'em with Ogden's.

Only the best cigarette papers—"Vogue" or "Chanticleer"—are good enough for Ogden's

LUMBY HIGH SCHOOL TO PRESENT PLAYS AT ANNUAL CONCERT

LUMBY, B.C., Oct. 27.—Plans for the annual High School concert and dance on November 14, are now fairly well advanced. Casts have been selected for two plays, "Be Home by Midnight" and "Billy's First Date," both of which promise to provide considerable enjoyment. The program will include several dances and songs by individuals and groups. House members are active selling tickets on a Christmas cake which will be raffled at the dance.

High school boys have formed a rifle club. Arrangements are being made for the purchase and use of guns to comply with legal requirements. A 20-yard range has been constructed in the school basement. Affiliated with the Dominion Marksmen, the club has chosen Peter Ward as its head.

Winning one game, tying one, and losing two by narrow margins, Lumby High School girls' soccer team managed to take third place in the annual tournament in Armstrong, Saturday.

After a promising start in which the team tied Salmon Arm, the eventual winners of the tournament, 1-1. Lumby fell victims to Vernon by a 2-1 score. In this game Lumby scored first, only to become disorganized after a decision based on boys' rules had given the Vernon team an ideal chance to score late in the first half. The Vernon team lost no time in adding the winning goal in the second half.

A 1-0 defeat by Armstrong and a victory by a similar score over Kelowna left Lumby in a third-place tie with Armstrong, but on a basis of goals scored, Lumby took the position in the standing. Salmon Arm with six points and five goals placed first and Vernon with six points and three goals placed second.

The Lumby team consisted of: Pius Guesnel, captain; Seryl Guesnel, Allister and Betty Bessie, full-backs; Anna Johnston, Audrey Grisdale and Beatrice Crandon, half-backs; Evelyn Richardson, Doreen Cox, Anna Guesnel, Hazel Alger and Muriel Trent, forwards; Annie Eckert, substitute.

HARVEST SUPPER IS ENJOYED AT FALKLAND

Catholic Women's League Serves Dinner With "All The Trimmings"

FALKLAND, B.C., Oct. 27.—On a recent evening, members of the Catholic Women's League served a chicken supper with all the trimmings, in the dining room of the Community Hall. Mrs. John Harvey was in charge, ably assisted by many others. The affair was well patronized and the good things provided enjoyed. To swell their funds the women also served lunch of pie and coffee after the usual picture show at night. Proceeds amounted to \$18.

Norman Jessiman, Vancouver, president of the Canada Gypsum, Lime and Alabaster Company, visited the local quarry a few days ago.

Rev. Bishop Black officiated at a christening service in the home of Mrs. J. H. Phillips, on a recent afternoon, in the presence of a few friends. Mrs. Tom Church's children were given the names of Rena, Ruby and Roy, respectively. Mrs. Ross Kent's infant daughter, Eva, Mrs. P. Peacher's daughter, Linda, were also christened. Fathers of the last two infants named are training for overseas service.

NO POSTAGE NEEDED TO DELIVER BOOKS TO SOLDIERS' CAMPS

C. B. Letroy, Vernon Post Master, recently received word from E. J. Parrot, acting director of the Post Office Department of Canada, that Post Offices will act as depositing centres for books to be sent to Canada's Armed Forces. Special arrangements have been made to facilitate the sending of books to camps in Canada and Newfoundland. The men in the various centres as well as their visitors stress the importance and the pleasure gained by having a plentiful supply of books in their camp reading room. Good, interesting books are always in demand and it is important that the supply be frequently replenished.

Honorable William P. Mulock, K.C., M.P., Postmaster General, announced that as a special act of co-operation all Post Offices throughout the country will act as depositing centres for books. It is stressed that this applies to books only and not to magazines.

Anyone who wishes to help supply the much needed books to the armed forces may hand them in at any time to the Post Office. The books should be clean and in good condition but it is not necessary to wrap them as they are immediately placed in mail bags.

FORMER RESIDENT DEAD IN CALGARY

Older residents of this city will learn with regret of the death in Calgary, on October 26, of Mrs. Susan Letitia Wright, who, with her family, resided in Vernon from 1902 until 1920.

Mrs. Wright, aged 69, is survived by her husband in Calgary; three daughters, Mrs. John Bent, Mrs. Alex Cameron, and Mrs. George Stephens, all of Calgary; and by two sons, George Wright, over-seas, and Thomas Wright, in Vancouver.

Mrs. Wright was born in Saginaw County, Michigan, and with her husband moved to Vernon. She was active in the Salvation Army while here.

CATTLE EXPORTS RISE

Livestock exports from Canada to the United States from January 1 to October 2, 1941, comprised 106,618 head of beef cattle, 14,977 dairy cows, 80,406 calves, and 24,022 hogs, representing an increase of 18,120 head cattle, 14,977 dairy cows, and 23,223 hogs, and a decrease of 8,063 calves, compared with the corresponding period of 1940.

Street Lighting At Lumby Is Discussed

Committee To Canvass Householders To Secure Majority Opinion

LUMBY, B.C., Oct. 27.—Will Lumby householders be prepared to share the cost of street lights or will they be content to see a decreasing number of lights? These are the questions each household in the townsite will be called on to answer during the next week as a canvass, authorized by a meeting of some 25 representative householders in the Community Hall Friday night, gets under way.

Called by the Lumby Community Club after receipt of a letter from C. D. Bloom on behalf of those now paying individually for the service, the meeting elected a committee of three to take charge of a canvass, purpose of which is to find the reaction of local householders to the above questions. Those elected to the committee were G. Brisco, J. Martin, Jr., and M. Socora.

The questions to be asked during the canvass will be based on the willingness of each household to share first, the cost of the present service, second, the cost of an improved service. Certain types of business will be asked if they are prepared to pay a higher rate than householders.

On completion of the canvass, the committee will report its findings to another open meeting of householders. Definite action, based on the canvass, will be decided upon at that meeting.

The necessity for street lighting was expressed by several speakers. Nearly all agreed that an improved service was also highly desirable.

Elected chairman of the meeting was L. J. Prior, and secretary, W. H. Fiskerling.

The Lumby United Church has been undergoing considerable repair work. This has included painting and wiring for electric light.

A. A. Ross and A. C. Gardiner, C.N.R. officials from Vancouver, paid a business visit to the local station last week.

J. O. Deschamps spent the week end at his home in Lumby, arriving here Friday and returning to Merritt Sunday.

Installation of electric service in the Lumby railroad station was completed last week. Harry Gray, C.N.R. electrician, left Lumby on Thursday, October 16.

The annual Halloween dance, sponsored by the Knights of Pythias, will be held in the Community Hall Friday night. Drawing for the pig, which is being raffled by the Lodge, will be made at the dance.

Mr. and Mrs. Walter Battye, of Kaledon, and Mrs. Frank Plunkett, of Summerville, were visitors at the home of Mr. and Mrs. L. J. Prior on Sunday.

FORGER SENTENCED

PENTICTON, B.C., Oct. 27.—Charged with forgery of two cheques, Patrick O'Connor, alias Robert Hodgson, of Vancouver, was sentenced to one year imprisonment when he appeared before Police Magistrate G. A. McLelland.

On October 4, O'Connor cashed cheques, using the name of Kenneth McKay, of Naramata.

When these cheques proved worthless at a local bank, the proprietors of the businesses informed Provincial police here of the fraud. A description of the man was radioed to police offices all over the province. In less than a week, O'Connor was arrested in Vancouver.

CONSTIPATED? CORRECT IT!

This Easy Way Eliminates Harsh "Dosing"

LONDON, Canada: When you treat constipation with harsh cathartics it's only temporary relief. Your constipation may be caused by lack of the right kind of "bulk" in your diet. KELLOGG'S ALL-BRAN helps supply "bulk" needed for regularity. ALL-BRAN is so good, with cream, milk, fruit juices, or in hot muffins. Eat ALL-BRAN every day and drink plenty of water. But remember, ALL-BRAN doesn't work like purgatives; it takes time. In two convenient sizes at your grocer's. Or in individual serving packages at restaurants. Made by Kellogg's in London, Canada.

SUCCESSFUL DANCE AIDS BRITONS' FUND

MARA, B.C., Oct. 27.—The Mara Women's Society held a very successful Old Time dance in the Mara Hall last Saturday evening, in aid of the "Bombed Britons Club." Music by Kew brothers, of Salmon Arm, was very much enjoyed, and quite a nice sum of money was taken at the door to help swell the bundles for Britain by the local club.

Mrs. Kay Sutherland returned to her home here last week, after spending several months at the Coast.

Mrs. A. Bollans left last Wednesday evening for her home at Banff, Alta., after spending several days here visiting her brother, William Kenyon, on her way home from Vancouver, where she spent the past three weeks.

Mr. and Mrs. Laurence Zettagreen and baby son returned to their home at Goldbridge last week after having enjoyed two weeks' holiday here with relatives.

Miss Ruby Stevenson arrived home on Friday from Vernon, where she has been employed during the fruit season.

Miss Florence Cadden, of Vernon, spent the past week end here visiting relatives and friends.

Mr. and Mrs. William Preston, of Enderby, were Mara visitors last Sunday, at the home of Mr. and Mrs. M. Callens.

Miss Ray M. Pahl, of Abbotsford, spent several days here last week, visiting at the home of Miss A. Dale.

Let us tell you why we believe
THERMO-CHARGED 'RPM'
is the greatest lubrication development
the motor world has seen so far!

STANDARD OIL COMPANY OF BRITISH COLUMBIA LIMITED has never made a statement like this before about any product—

We do so now because Thermo-Charged RPM Motor Oil does things for your engine no other oil can do. The addition of a newly developed compounding (Patents Pending) gives "RPM" amazing qualities.

For example, this Thermo-Charging increases tremendously "RPM's" power to spread over and lubricate hot metal surfaces. Other oils actually will run uphill to escape scorching areas which Thermo-Charged "RPM" refuses to leave!

Super-Heated Points Protected as Never Before

This means Thermo-Charged "RPM" is absolutely outstanding in its ability to stay put at the hot points in your engine where lubrication and cooling are needed particularly. The result is the most complete protection so far.

In addition, this new oil will not deposit harmful quantities of carbon, gum and varnish which can clog engines and take the fine edge off performance.

And we will go even farther. Thermo-Charged "RPM" does a better job of cleaning out deposits left by other oils.

Longer Engine Life—Definitely Finer Performance

Because Thermo-Charged "RPM" keeps engines so clean, it materially reduces wear. Diesel engines which are far harder on lubricating oil than any automobile engine have proved this in millions of miles of operation. Thermo-Charged oil has more than doubled the service life of their piston rings and cylinder walls.

Thermo-Charged "RPM" actually brings you nine important advantages. No other oil at any price can equal its value.

TEMPERANCE SUNDAY HELD AT ARMSTRONG

United Church Pastor, Rev. R. J. Love, Denounces Liquor Traffic

ARMSTRONG, B.C., Oct. 27.—"We are called on by the government to save every article which can be used in war making," declared Rev. R. J. Love in the United Church Sunday in a sermon on temperance. "Restrictions as to wholesale shipments, in bake shops no more sliced bread, no more highly colored wrappings, silks, satins, travel spending, coal, aluminum, wool, leather, bacon, butter and innumerable commodities are being or will be restricted. Why restrict, restrict, restrict, go without gas, silk, bacon, cheese and coal when there is no restriction on one of the biggest and most luxurious businesses of them all—liquor?"

"Two hundred million dollars is the annual bill for Canada and twenty million dollars is the annual bill for the United States for the purchase only. A conservative estimate would place these indirect costs at a further two hundred million dollars."

These were among the opening remarks of the sermon preached by Mr. Love.

After giving facts and figures of results of tests for efficiency, etc., taken from the actions of abstainers and non-abstainers in all walks of life, Mr. Love told his keenly interested audience there were two taverns for every one church, while there is only one school and one tavern for every 75 families.

"Six hundred twenty-five thousand and tons of barley are brewed in England yearly. This amount if fed to poultry and cattle would make rationing meat unnecessary. Seven hundred thousand tons of shipping space could be saved annually by curtailing liquor shipments."

In closing Mr. Love stated ways and means by which each and every person could help destroy the liquor traffic: "Announce and adhere to the policy of drinking no alcohol, refusing to sell it, advertise it, rent a building or trade at any place where it was sold."

Neither law makers nor police-men can do for us what our own conscience and character can. It is a personal and individual decision that we must make."

Miss P. Charlton, R.N., arrived home last week after spending the past two months in the Shaughnessy Hospital at Vancouver.

Richard Horrex, of Vancouver, spent a few days with his parents, Mr. and Mrs. W. J. Horrex, while in the Okanagan Valley to attend the seed convention held Monday and Tuesday of the week in Vernon.

While in this district for a week of the hunting season Ernest Scott, Pete Lamont and Kenneth North, all of Vancouver, were guests at the home of Mr. North's parents, Mr. and Mrs. F. W. North. They left for home Tuesday morning.

Arthur Hoover, Leslie Hoover, Louis Fuenfeld and Robert Hay, of this city, and Ed Sigale, of Vernon, returned last week from a most successful hunting trip to Golden and the Windermere.

Mrs. L. C. Tull left Friday to visit friends in Vancouver.

On Saturday Mr. and Mrs. Fred Murray received a cablegram telling them that their son, Sergt.

Main Line Students Win Soccer Trophies

Vernon Girls Nosed Out For Top Honors By Salmon Arm

Spurred on by the yells of their cheer squads, the Salmon Arm High School boys' and girls' football teams captured both North Okanagan Inter-school football tournament trophies.

For the second year Salmon Arm carried home the silverware for the boys' section of the play while the girls' cup, which has only been in play for the past two years, fell to the Main Line girls.

A wet and slippery field considerably slowed the play and made the ball hard to handle, but notwithstanding many of the games were of a high calibre and many of the young players showed themselves so capable as to win the praise of many of the old time football players who were in attendance at the tournament.

The play started in the morning and was continued throughout the day until all contestants had met. The boys' games were 30 minutes in length with two 15 minute periods, while the girls' games were two of ten minutes each.

The best game of the day came when Salmon Arm and Oyama met in a match which decided the champion of the boys' section of the play. During the game play shifted back and forth from one end of the field to the other, but the Main Liners possessed more finish and polish around the goal than their opposition and so came out winners.

The first goal of the game came when the ball was neatly centred in front of the goal from a corner kick and then headed into the goal completely, to bewilder the goalkeeper and the spectators besides.

The second goal, in the opinion of many, should not have happened as there were two fouls at which the play should have been stopped immediately prior to the goal tally. One of the Salmon Arm players stopped the ball with his arm and upon seeing this an Oyama forward picked up the ball, expecting the whistle to be blown to stop the play. The play was not stopped and the ball went

from there to the front of the goal and then was banged past the Oyama goalkeeper.

VERNON DISAPPOINTED
Greatest disappointment of the day came to the Vernon girls' football team when they realized that after having won an equal number of games to the Salmon Arm team they would have to forfeit their hopes of taking home the cup as the Main Liners had scored two more goals during the day's play than had the local team.

In case of a cup tie between two teams in a high school football tournament, the trophy is awarded to the team which has scored the most goals during the day.

Salmon Arm played four games, the two and won two. Vernon had the same record but the cup winners had marked up five tallies during the day while Vernon had only been able to chalk up three on the score board.

The opening game was between the Vernon and Armstrong boys. Eager to capture the first game of the day the locals, downed the "Celery City" entry by the score of 2 to 0.

Immediately following this game the two schools again tangled but this time the girls were the adversaries. The wet field and consequently heavy ball made heavy going for both teams and the game finished as a one-all tie.

The Salmon Arm boys made their entry into the limelight by downing Armstrong in the third game of the morning, by the score of 1 to 0.

The next game resulted in a hard fought tie as the Lumbly and Salmon Arm girls battled to a one all score.

Vernon made the second break into the win column when the hard working girls' squad pushed their way through a strong Kelowna team to win by the score of 1 to 0.

In the following game a hustling Oyama team, which proved the surprise team of the tournament, fought their way to a 2 to 0 victory over Vernon.

The final match of the morning brought together the Armstrong and Kelowna girls. This game was Kelowna's only win of the day's play.

The games then stopped while the players had their noonday meals. This is one of the bad features of a tournament as two of the entries have to play immediately after eating and this fact does their play no good.

Following the noon-time stop, Vernon and Lumbly met in a game which saw the Vernon team emerge victors by the score of 2 to 1.

The match between the two long time adversaries, Salmon Arm and Vernon, saw the Main Liners roll up a 4 to 0 score over the local entry. Chief strong point of the winning squad is their ability to "head" the ball, which seems to be what gives them the edge over their opponents.

The Main Line girls, not to be outdone by the boys' team, rolled up a 2 to 0 win over the Orchard City team.

An interesting game followed when Lumbly and Armstrong tangled and they really tangled as often four or more players traded kicks at the ball in quarters so confined that the players were piled in heaps. The game ended with Armstrong on the heavy end of a one to nothing score.

The Salmon Arm and Oyama boys then furnished the most interesting game of the day when the two closely matched teams struggled to a two to nothing score which decided the boys' section of the day's play and gave the cup to the Salmon Arm for the second successive year.

Armstrong and Salmon Arm were the next two teams which met in an interesting game that saw the Main Line team mark up another win. The score of the game was 2 to 1.

The final game of the day brought together the two top girls' teams. There was not enough difference in the strength of the two opponents to allow either of

A SPECIAL CELEBRATION... INVITING YOU TO TRY THE FINE, FRESH, FLAVORFUL COFFEES GROWN BY OUR GOOD NEIGHBORS, THE LATIN AMERICAN COUNTRIES. FEATURED THE YEAR-ROUND BY SAFEWAY

NEW COMEDY, "DULCY", STARS ANN SOTHERN

Laughs are the order of the day for audiences attending the new comedy, "Dulcy", starring Ann Sothern, which opens at the Capitol Theatre, on November 3, for an engagement of two days. Ann Sothern's "Maise" fans will find their favorite in a new characterization as the beautiful but dumb Dulcy who has a heart of gold and a faculty for getting everyone who meets into trouble. The story deals with her efforts to sell an airplane motor to the father of her brother's fiancée, but in so doing she almost wrecks three romances, including her own.

An excellent cast of supporting players has been gathered for the featured roles. Miss Sothern's leading man is Ian Hunter.

SALMON VALLEY NOTES

SALMON VALLEY, B.C., Oct. 27.—Mrs. R. O. Freese, of Heywood's Corner, motored to Kelowna last Tuesday to visit her sister, Miss Sophie Kohut. She was accompanied by her cousin from Vancouver, who has been visiting with her for a few days.

Mr. and Mrs. O. Clarke and small son arrived last week from Enskatchewan, and are a present residing in the valley where Mr. Clarke has secured a position.

Mrs. Emil Needoba, Donnie and Larry, left for Kamloops on Thursday to spend the week end with Mrs. Needoba's sister, Mrs. James King.

Mrs. Richardson, teacher of the Ilondon school, spent the week end in Kamloops, attending the teachers' convention there.

FORMER RESIDENT OF ARMSTRONG SUCCUMBS

ARMSTRONG, B.C., Oct. 27.—Last week word was received in this city of the death of Mrs. Sarah Ann McTavish, on Tuesday, October 21, in Vancouver.

SONS MEET OVERSEAS

ARMSTRONG, B.C., Oct. 29—After eighteen months in service, the twin sons of Mr. and Mrs. E. E. Gill of this city, have met "somewhere in Great Britain." For nearly four months before he left Canada, Eric Gill had not seen his brother, James Gill. Eric landed "over there" with the Princess Patricia about the end of July, 1940, James landed with the engineers about the end of last month and in the message to their mother on her birthday, she learned that they had seen one another.

Mr. and Mrs. Earl Lewthwaite are moving this week to Revelstoke. For several years Mr. Lewthwaite has been an employee of the C.P.R. in this city and has recently been transferred to Revelstoke.

Mr. Fowle, serving in the R.C.A.F. is home on his final leave before going Overseas. Prior to enlisting in the R.C.A.F., he was employed in the Vernon branch of the Bank of Montreal.

Following the wedding ceremony a reception was held at the home of the bride's mother.

After the reception the newly married couple left for Vancouver.

At the duration of Sergeant-Observer Fowle's leave, Mrs. Fowle will accompany him East.

MRS. McDONALD DIES

Mrs. M. McDonald, who has resided in this city with her son, Walter E. McDonald, since July of 1940, died on Monday night.

Remains were shipped to Vancouver for burial. Travelling to the Coast were her sons, Walter E. McDonald, of this city, and Frank McDonald, a traveller who was in the Interior at the time of Mrs. McDonald's death.

Prior to coming to Vernon to reside, Mrs. McDonald lived at the Coast.
